

# Wrangle up the Week!!

[nalbert@icaugusta.org](mailto:nalbert@icaugusta.org)

## Buckaroo Academics Week of Aug. 29<sup>th</sup>- Sep. 2<sup>nd</sup>

**Reading:** Students are finishing "questioning." The next reading strategy we will focus on is "making inferences" while reading. Inferences are based on the knowledge we already have and connecting it to the story to make an inference about what a character may be feeling or what may happen in the story.

**Writing:** Students are still working on narratives. We will begin to transform those narratives into simple paragraphs.

**Math:** Students are working on place value to the 100<sup>th</sup> place. We are also working on 100 more/less.

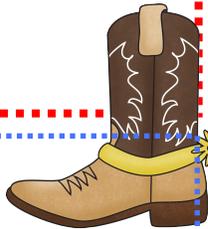

**Science:** Students are learning about the life cycles or animals (mammals, amphibians, monarchs, etc.).

## Buckaroo Homework

Mon.	Place Value Math Game Read
Tues.	Expand me! Math Game Read
Wed.	Greedy Gator Math Game Read
Thurs.	Skip Around Math Game Read
Extra	RODEO Club Task Write a fancy sentence. Pick from the writing calendar in binder.
